A small selection of the many photos from the day of our happy members and their handsome Irish Wolfhounds!

## *Tullyally Castle Walk - Sunday 2nd July 2017*

We had a lovely walk in the beautiful grounds of Tullyally Castle with a good turnout of 12 people and 9 Irish Wolfhounds. Thomas Pakenham, eighth Earl of Longford, world renowned for his books on trees and expeditions, came to meet us and to advise us on areas of the grounds of special interest.

We rounded our day off with tea, coffee, scones and tray-bakes in the courtyard café.

All the humans and hounds were made very welcome by the staff at the castle with water bowls for the hounds. The gentle giants were of course a huge attraction for all the visitors!

A BIG thank you to club member, Barbara Leavy for suggesting Tullyally Castle and for offering to lead our walk

This is definitely a place we will return to!
